CHORUS GIRL GETS ABSOLUTE DECREE FROM U. S. WORKER

Ejected From Home While in
Negligee, Charges Mrs. Ander-
son—Desertion Alleged.

Mrs. Pansey C. Anderson, Wash-
ington chorus girl, was awarded an in-
terlocutory decree of absolute divorce
today from Samuel Adrian Anderson,
whom she married in 1918, and who,
it was alleged, deserted his wife
three months later. Anderson is now
employed at the Treasury Depart-
ment. They were married in 1918.
The decree was signed by Justice
Hobbling in equity court, after testi-
mony had been given by the wife,
her mother, Mrs. Ada Stoneburner,
and other witnesses, that Anderson
deserted his wife for another woman
three months after they were married.
Mrs. Anderson testified that shortly
after their marriage her husband

came home late one night and put
her out of their apartment while she
was in negligee, in order that five men
with him might find sleeping accom-
modations.

Several months after she was de-
serted, she testified, her husband
called her up and invited her to visit
him at the home of the re-spondent
in the divorce action. The de-
gree of Justice Hobbling permits the
wife to resume her maiden name. The
suit was filed last February. Attor-
neys Raymond Neudecker and Bertrand
and Anderson was represented by
Attorney Leon Pretzfelder.

6 OFFENDERS GIVEN CHURCH SENTENCES

WESTON, W. Va., June 28.—Weston's church choir have been in-
creased a half a dozen as a result of
six young men of this city, being
given church sentences of ninety
days each by Mayor O. L. Harrison
after they had been found guilty of
disturbing the peace by giving a
vocal concert in the main section of
the town long after the curfew had
toll.

MATERNITY BILL IS NOBLEST MEASURE, SHEPPARD CLAIMS

Author of Plan to Teach Infant
Hygiene With U. S. Funds
Extolls Women.

If the United States "declines to
take the steps necessary to end the
appalling waste of the lives of moth-
ers and children in America, a de-
struction exceeding every year our
total casualties in the most stupendous
and terrible war of history, it
will invite severe censure," Sena-
tor Sheppard (Democrat) of Texas,
declared in the Senate yesterday urg-
ing the speedy passage of the Shep-
pard-Towner bill providing for in-
struction in the hygiene of maternity
and infancy.

"This measure stands first in the
executive program of the enfran-
chised women of America," Sheppard
said. "It promotes one of the noblest
and purest aims—the conservation of
human life at the source. The founda-
tions of our civilization are moth-
erhood and infancy. The first obli-
gation of society is to the unborn
child. The most fundamental right
of every human being is to a normal
birth. Without it the equal
chance which forms the basis of
Democracy is lost."

FAITH HEALER CROWD IMPERILLED BY LEPERS

LOS ANGELES, Cal., June 28.—Two

day night on a hill near Lincoln Park
for the ministrations of "Brother
Isiah," faith healer. Both the af-
flicted men were Mexicans.
